## IMPORTANT DATES

**Nominations for Invited Submissions:** May 30 2022

**Abstract Submissions:** July 10 2022

**Early Bird Registration:** June 10 2022

**Workshop Booking:** Aug 12 2022

## # SPEAKER GUIDELINES

- ☛ Keep the number of slides in your Presentation to a minimum and follow the assigned slots.
- ☛ Follow the Session Chair guidelines for better execution of the session.
- ☛ To avoid technical issues during the presentation, we instruct speakers to avoid Personal laptops unless unavoidable circumstances.
- ☛ The speaker presentations will be recorded, however speakers can write objection before 10 days of the conference.
- ☛ All speakers are instructed to stay till the end of the session in order to engage in the panel discussions, and questionaries' and certification

## # POSTER PRESENTATION GUIDELINES

- ☛ Recommendable poster size: 1x1 M, contents, text and the author's information should be clearly visible even from 1-2 feet.
- ☛ Present numerical data in the form of graphs, rather than tables.
- ☛ If data must be presented in table-form, keep it Simple to be easily understandable.
- ☛ Visuals and text should be simple, clear and bold.
- ☛ Words limit in the Poster: 800-1000 words or less are perfect.
- ☛ Avoid submitting compactly packed, highly worded- count posters.
- ☛ Categorize your poster into subdivisions, e.g., Introduction, Methods, Results; Discussion, Conclusions, and Literature Cited.
- ☛ For better visibility use bright colours.
- ☛ In addition to the poster representation, poster presenter can also include future research plans or questions.

## # ABSTRACT PEER-REVIEW PROCESS/GUIDELINES

- ☛ Our Reviewing Committee ensures high-quality peer review process for all abstracts submitted to the conference.
- ☛ The decision of abstract acceptance will be judged by a panel of experts emphasizing whether the findings and / or conclusions are novel and make useful contributions to the respective field.
- ☛ The review committee operates a single / double-blind peer review process for all the abstracts submitted, where both the reviewer and the author remain anonymous.

## The following are the steps that each abstract undergoes during the process of peer review:

- ☛ All submitted abstracts are reviewed by internal editorial team to ensure adherence to the conference scope and abstracts which have passed this initial screening are then assigned to the session chair / review committee for evaluation.
- ☛ Once the reviews have been received, the review committee decides to accept or reject the abstract/manuscript, or to request revisions from the author in response to the reviewers' comments. If the decision tends to be minor revision or major revision, authors will be given 2 week duration to resubmit the revised abstract.

## CRITERIA TO BE CONSIDERED FOR SCORING:

All abstracts will be reviewed according to the following criteria:

- ☛ Is the question or issue clearly stated?
- ☛ Is the significance of the work clearly stated? Is relevant previous work appropriately cited?
- ☛ If relevant, are the method, data collection, and analysis procedures well-designed and appropriate to the question addressed?
- ☛ Is the conceptual framework coherent? If relevant, is the theoretical analysis well-argued?
- ☛ Is the work mentioned in the abstract is original? Does it present new data (if relevant), particularly from less-studied languages?
- ☛ Is the work completed, or does it show very strong promise of being completed in time for the conference/ to be completed?
- ☛ Are the conclusions justified in relation to the data and/or analyses?
- ☛ Is the abstract written clearly and organized well?
- ☛ Is the topic of scientific, methodological or theoretical importance?
- ☛ Is the paper timely in terms of current issues of interest in the field of language development?
  - ☛ Is the paper likely to be of interest to a reasonable number of attendees at BUCLD?
  - ☛ Is the abstract is having Significance/impact/relevance to conference theme?
  - ☛ Quality of research design/theoretical argument
  - ☛ Conclusions and interpretations of results
  - ☛ Presentation style: Coherence and clarity of structure

## OPPORTUNITIES FOR CONFERENCE ATTENDEES: FOR RESEARCHERS & FACULTY:

- ☛ Speaker Presentations
- ☛ Poster Display
- ☛ Symposium hosting
- ☛ Workshop organizing

## FOR HEALTHCARE ORGANIZATIONS, HOSPITALS, UNIVERSITIES, ASSOCIATIONS & SOCIETIES:

- ☛ Association Partnering
- ☛ Collaboration proposals
- ☛ Academic Partnering
- ☛ Group Participation

## FOR STUDENTS & RESEARCH SCHOLARS:

## WHY TO VISIT MADRID

Madrid is the capital of Spain!  
Madrid is, without a doubt, one of Europe's most interesting cities!  
In addition to the conference experience attendees can enjoy the city with famous for renowned museums. You can enjoy busy streets dotted with all kinds of shops, restaurants with world cuisine and unbeatable nightlife, Madrid will surprise you with its tranquil historic spots that charm everyone walking by. Here you'll find traditional family-run. Century-old bars where friends meet up for a drink.  
Every style of neighborhood and cultural centers that offer up an alternative type of tourism. Madrid's authenticity is hard to beat.  
Madrid, cheerful and vibrant at all hours, is famous for being an open city with all kinds of people from anywhere in the world.
